Some say that this event will change everything! Others compare it to being unplugged from the Matrix! One thing is for sure, this event is like no other. In this ground breaking one day event, I will take you to a another world, much like Alice's Adventure in Wonderland. A world where ancient mysticism, esoterical wisdom, mind hacking techniques, quantum physics and the most innovative sciences meet. You will gain a true opportunity to become a self explorer, a mind astronaut and an adventurer!

This will allow you to expand your awareness and awaken you to your true potential. Join me on this journey where I will reveal advanced techniques taught in Ancient Egypt, as well as by a few Tibetan Shamans and American Indian tribes. A technique that will allow you to collapse the quantum field and view people's past lives. This ancient knowledge will enable you to overcome the most limiting of all human beliefs, the fear of death and in the process learn that life is not about the events nor the people we encounter, but the lessons we need to learn to grow and expand.

In the topic of “cause and effect”, we will predominantly discuss how we can become the “cause” rather than the effect of our environment so as to overcome our attachment to polarities. In so doing, you will be able to decode the secret matrix of life as taught by Ancient Schools of Wisdom. All topics at this event will be supported by the latest scientific research.

If you have always envisioned yourself living a life full of passion, joy, freedom and boundless potential, then decide right now to become the master of your destiny by letting go of self-imposed limitations and social conditioning.

In over 20 years, I have personally seen lives transformed the moment the inner focus is shifted. Once you discover your real purpose, a new direction is born. You will experience this at this event. I guarantee it!

Start a new chapter in your life right now and re-invent yourself. Places are limited and my last event sold out, so visit the web link below to book your place now.

“Meeting & spending time with Paolo is a life changing experience !”

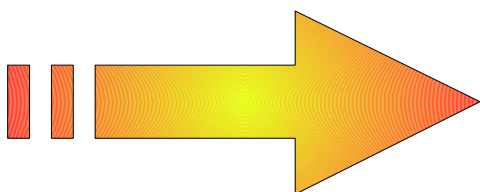

~ Glenn Adams – Public Speaker, Business Coach to Mercedes-Benz, BMW, Kenworth.

“Like C.S. Lewis' famous children story, The lion the witch and the wardrobe I feel like I have opened up a doorway into a reality that I had no idea existed. My level of consciousness has been challenged and the most satisfying outcome for me personally is an understanding of self and the sense of centeredness I now feel. Paolo's commitment to the message and the amount of energy and attention he displays in delivering it is phenomenal. I have left secure in the knowledge that I am the author of my personal biography, I have arranged every word, every comma, full stop and question mark in a way that perfectly serves me and I know that the pages to follow will be filled with events no longer confined to my dreams. ”

~ Elizabeth Schulz

“I am so happy to be living and now knowing that everything is possible, I don't know what to manifest first. My body is tingling with inner power. Blessings”

~ Julie Sharman – Alternative Medicine Healer
